Date: 15/06/16

BIODEGRADABILITY:

All surfactants used in Super Professional products comply with the current European regulations concerning biodegradability & protection of the environment.

Biological Laundry Powder

Directions for use:
Pour the recommended amount of powder either directly into the dispenser drawer or into a dosing device. If using a dosing device place it in an upright position on top of the laundry in the machine. Do not pre-wash when using a dosing device or put a dosing device into tumble cycles of washer driers.

Other information:

Handwashing:
Use up to 1/2 tsp in a bowl or bucket (approx. 10 litres). Ensure powder is fully dissolved before putting articles into water. Rinse thoroughly. Do not use an enamel bath for soaking. Never soak silk, wool, leather or garments with metal fastenings or flame resistant finishes. Always test coloured articles for colour fastness. If not colour fast wash separately.

Warnings:
Causes serious eye irritation. Keep out of reach of children. Wash hands thoroughly after handling. **IF ON SKIN:** Wash with plenty of water. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. If medical advice is needed, have product container or label at hand.

Super automatic biological washing powder contains amongst other ingredients	
Oxygen-based bleaching agents, Zeolites	5-15%
Soap, Non-ionic surfactants, Anionic surfactants, Phosphonates	Less than 5%
Optical brighteners, Perfumes, Enzymes
