

T018 : GRAFFITI REMOVER

for plastics and polycarbonates

Description of product

New solvent blend which safely and effectively removes graffiti from plastic and polycarbonate surfaces without damage – will not cause blooming or the surface to turn opaque. Surfactant system allows a unique “wash off” rinse away property so preventing residue waste on the surface. Low viscosity ensures quicker and more effective surface penetration than traditional gels.

Product Uses

Advanced graffiti remover suitable for use against aerosol paint yet will not damage polycarbonate and plastics.

Directions

Spray onto graffiti. Allow sufficient time to penetrate. Wash off with plenty of clean water. Do not allow neat product to dry on surface.

iNsignt Supported

iNsignt is Selden's interactive product selection and training system. Enables the user to create full COSHH training kits, wallcharts, task cards and more. visit <http://www.selden.co.uk/iNsignt>

iNsignt recommended product uses
